What is Finland known about?

What is the first thing that comes to mind, when you think Finland?

It can be ice hockey or sauna or maybe it's Lapland. We are also the happiest country in the world.

Finland is known about many things. We are the country of many lakes, we are good at ice hockey, we also have won Eurovision song contest once in 2006. (Hard rock hallelujah) Also we have this salty candy named SALMIKKI. Usually people around the world hate it. We also have a very good climate.

There you see, we are known about many things and we are proud of them.

History of Finland

We have a history full of determination and strong will

- Lakes, they are big thing in Finland and our land is many times called the land of lakes. At the arctic times we had big ice mass and mountains flowing above our land and that made the lakes and the holes for the water.
- We were part of the Swedish empire all the way to the year 1809. After that we were ceded to the Russian empire.
- We gained independence year 1917. Right after started the sivil war where the red (the poorer people) and the white (the more rich people) fought with eachother. The war lasted about a year and the white side won.

Sports

- Finland's national sport is pesäpallo which is quite similar to baseball.
- Finland is best known from ice hockey and every year over 2,5 million Finns watch icehockey from television.
- Finnish Formula one driver Kimi Räikkönen is also widely known and he won championship 2007. He is usually called "The iceman".
- Finland has won many world champions for example in aesthetic group gymnastics, cheerleading and ringette.
