

Co-funded by the
Erasmus+ Programme
of the European Union

Forssa 2-7 May 2022

The project: Erasmus+ 2020-1-De03-KA229-077412_4, "Sustainable me – my power as a consumer"

Before arrival collect material (photos, videos, surveys) about:

- In what way is our local agriculture ecological or not ecological? In what way are you affected by or linked to the local agriculture? For example:
 - What are your or your parents' habits while shopping for food?
 - How is the agriculture regulated?
- Bring your material on a memory stick!

Finnish students

- Mette Asp
- Roosa Fabritius
- Emilia Hjelm

- Getting to know each other

at 9.30

- Meeting with the headmaster PhD Simo Veistola
- Presentation about agriculture in Finland (by the headmaster)

at 10

- The guidelines of Adobe Premier (with Jere/Jose)
- Team work begins (8 international groups: Our local agriculture and us - how do we get ready for the future?)

The aim: Creating a film with the title „Our local agricultures and us – how do we get ready for the future?“ that we will publish on the websites of our schools (and on other platforms?). Our target groups are other teenagers, the students can choose the type/genre (documentary, short film, commercial) of the film they want to create. We want to focus on how our schools and every student can change the local agriculture as a consumer (the title of our project is “My power as a consumer”).

Exchanging the material that the students have collected/filmed at home.

The students develop a script for their film

Production of films (digital and real requisites, subtitles in each language)

at 11.45 Lunch at school
