

Beautiful Athens

Martina and Julia were the two Spanish girls who spent a week in Athens. We asked them about their experience and they told us that.

Last May (on the 14th/5/2017) we went to Athens. Athens is a beautiful city and it is very different from Barcelona.

However, Barcelona it's more beautiful than Athens.

We stayed at konstantina's house, a small but very comfortable house.

we like Greece a lot because people were very friendly to us.

In the Greek School Agii Anargyri the girls were very funny and we were very excited about the experience.

We loved the school because it was full of colours.

Here there are some pictures about our trip.

We were a little bit nervous on the plane! It was so exciting!

Our new friends at school welcome us with a warm party! We enjoyed a lot

We even had time to enjoy the beach!

One afternoon we went to visit the Acropolis and we liked it very much, it was very nice.

We went to an Island and we loved it! It was very very nice, there were lots of white houses there.

Carme, our English teacher was a great guide. We really enjoyed that experience and we like a lot Greek people because they are very friendly.

Martina and Júlia

*We had a Crete cooking lesson!
It was very funny!*

Here we are with Konstantina and Elma, the lovely family we spent the week with!
