1. MIT, Massachusetts Institute of Technology, is offering scholarships to ten foreign students who give the best speeches on one of the following topics: Digitalization of Society, Genetically Engineered Food, Intelligent Machines. Choose your topic and write your speech which will be sent to the admissions board as a video. (K-17)

### 2. Plain English

The Plain English Campaign has said that many texts, like the terms of use for Internet services like Instagram, are too hard for people who are not lawyers to understand. Where else would Plain English be needed? Write a speech for the participants of the International Youth Forum outlining some other areas where Plain English should be used. Don't forget to give reasons. (S-23)

### 3. Debate on cryptocurrencies

You are participating in an international debate club. The topic for the day is cryptocurrencies, such as Bitcoin or Dogecoin. Your task is to present views for banning cryptocurrencies. Write your speech. (S-22)
