Meeting with leaders from Twin Towns 18.9.2015

Sarpsborg Scene, Sarpsborg municipality

Present: Staffan Jonsson, Jarmo Pynnönen, Jørgen Jensen and Henrik Eurenus

We started up with six different themes in Sarpsborg. The working process concluded that we are carrying on with five of them. Five themes that are now, more or less, concrete projects. EU founding and creative Europe are the theme that are not being preceded, we think it is better that founding is an important issue in all of the projects. The projects are:

- Civil society
- Big event and celebrations
- Future libraries
- Cultural schools and institutions
- Collecting memories through textiles

Group leaders deliver project plans to Siri and leaders. Jarmo archives them in the common platform for Twin Town cooperation. Link to the platform are to be sent out soon.

Progress in the work is to be reported every third month, first time 15th of December.

Report document are to be sent out soon.

Meeting schedule:

Members of the different projects plan their own meetings according to reach the goals.

Leaders (Project members?) meet in Sarpsborg 16-17th of Mai 2016.

Leaders (Project members?) meet in Struer 2017.

A final meeting with leaders and project groups in 2017.
