Reported by: **Forssa Museum**, Torekällbergets museum in Södertälje and Struer Museum

Schedule: September 2016 – August 2017

The aim is to develop the museums as places of participation, foster communication between generations and share knowledge among museum professionals. In the project we'll digitize textile collections, collect memories and create new out of old in the frame of employment courses and workshops.

Operation so far:

Forssa Museum, Torekällbergets museum in Södertälje and Struer Museum started to create a project plan in Twin town meeting in Södertälje in Febr.2015, and continued developing it in skype meetings. In November 2015, The Nordic Culture Point awarded the grant for project, which will actually start in Autumn 2016.

Next step:

In the next Twintown meeting, we'll start to plan how to proceed from the project plan to action.
