

### Afternoon activities “Iltis” at Ivalo School

We organize afternoon activities after the school day until 16:30. The activities are organized at the school premises and supervised by school assistants and a lead instructor. These activities are **not the same as full-time childcare**. They do not cover the whole working day of the parents. There are **no activities during school holidays**.

A fee is charged monthly. The fee is decided by the Education Committee.

- If the service is provided (offered) for a maximum of 10 days per month (e.g. in August), half the fee is charged.
- If the child participates for a maximum of 10 days due to illness, half the fee is charged.
- If the child does not participate at all during a calendar month due to illness, no fee is charged.
- If the child does not participate at all during a calendar month for any other reason, half the fee is still charged.

The monthly fee for afternoon activities is determined based on whether a full-time or part-time place has been applied for. The fees are based on a decision by the Education Committee. Currently, the fees are €40 for part-time and €80 for full-time.

Please note that the reserved afternoon activity place will be invoiced even if the child does not attend at all.

You can contact the lead instructor of the afternoon activities by phone at: 040 027 8246 / Outi Portti.

-----  
Application for Ivalo school afternoon activities on 2026-2027

\_\_\_ Full time, over 10 days /month
