

# University presentation

- Work in pairs (max. 3 students)
- Choose a university where you (one of you) wants to study  
OR a university (even abroad) that interests you

## **FIND OUT**

- General data
  - Where is the university (country, city, location of the campus in the city)
  - history of the university (founded, faculties, known for)
  - how many students
  - one fun/interesting fact
- Choose one programme (koulutus) that you are interested in
  - Why did you choose that particular programme?
  - Describe what kind of courses the programme contains.
  - How long does it take to graduate?
  - Career opportunities - where can you work after graduation?

- When you are done, upload your presentation (PowerPoint?) in the Pedanet return folder
- Present the university and the study programme to the other students tomorrow on Thursday
- Timetable could be:
  - 25 minutes for finding facts
  - 25 minutes for designing the presentation

# Choose a university from the list

- Helsingin yliopisto
- Turun yliopisto
- Itä-Suomen yliopisto (Joensuu/Kuopio)
