

My Erasmus+ - week

In Croatia

Sunday: When we arrived to Zagreb we went to our host home and eated. In the evening we went into town and walked around. I had so much fun.

Monday: In the morning we went to school at 9.00 a.m. and there we toured the school. After the school me and my host went to her friend's place to eat. I also played car games with Vieno. At 15.00 we had city tour and ice skating. After the ice skating we tested fritule. It's a traditional pastry in Croatia. Then my host's parents picked us up at home.

Tuesday: School started at 8.00 o'clock. At school we had team work. There we did paper and from an old shirt we did bag. After the school we went to Rimac factory visit. It was a car factory. Then we went to home and eated after that we went shopping.

Wednesday: At 9.00 we went to Greenville farm. There we had three workshops. The first one was with egg. The egg had to be dropped from a meter long and it was not allowed to break. In the second, you had to come up with good things about the problem your group got. And in the last workshop we just played bamboozel and we won.

Thursday: School sarted at 9.30. There we we did team work. First we had to come up with a business that is green/ecological. And in the second we made christmas cards that had to be green. After school we went to cat cafe with friends. At 18.00 we had a math night where we had kahoot.

Friday: We had green entrepreneurship start-up. There we listened two guy talk about ecological things. After that we had Activism and student council. After school we went to buy present for my family. Then we went to home to eat and at 18.00 we had farewell party. There we danced with friends. I had so much fun.

Saturday: I packed my things and talked with my host. Our flight left at 16.55. We were in Finland at 0.05.
