

# Students - Careers advice in schools - Orientierung an den Schulen- A Report of the teachers - Short exchanges

My Name and a short introduction of myself \*

My name is Wiktoria Szatkowska. I'm 18 years old and I'm a pupil in high school in Poznań.

The report of the methods used during the exchanges \*

Teachers were walking around the classroom and helped students with tasks, answered every question. The exercise were displayed on the board and discussed. Teachers often asked if everything was understood.

Something else interesting \*

School was divided into several buildings. Completely different school work day system.

The best things I have seen \*

I have seen a class prepared for special learning like helping elderly people and newborns. It was an amazing experience. There were a lot of professional equipment like in a real hospital, a lot of mannequins.
