

Exercise 13, page 173

1. What will be the fastest-growing fields of study in the future?
2. Is it more and more important to be highly educated (in order) to get a well-paid job?
3. What are the most dangerous jobs of all / by far the most dangerous jobs and why? / Which jobs are the most dangerous of all and why?
4. Would you rather do a physically demanding job or study hard/diligently to become a lawyer for example?
5. The better the salary, the bigger/greater the responsibility. Do you agree with this?
6. Do young people/the young have as strong a work ethic as older generations?
(huom! 'a'-artikkelin paikka, koska 'as', kts. ENA3, artikkelin paikka)
