Sunday 4th February

Sunday was day with the families. My host family took me to the rainforest zoo. We started to drive to the zoo at 9.00. It took 40 minutes to go there. In the zoo there were monkeys, bats and birds flying and walking free. Sometimes the monkeys came so close that I could have been able to touch them. There were fishes and other animals, too. As well as plants from rainforests. After the zoo we went to eat at Mc Donald's. In addition, my host family took me shopping to Aarhus, the second biggest city in Denmark which really surprised me. When we arrived home I and Amanda went Emma's host family. Aino and Janette came there too. We celebrated Margaret's, Greek girl's, birthday. The day was good and I got to know my host family much better.

Kanerva Kurki

Thursday 8th February

We met at 9.00 o'clock at school. Anni ja Kanerva stayed while to say goodbye to Swedish girls. When others went straight to the railway station. Anni and Kanerva arrived a bit late so we almost were late for our train, but we managed to catch it and headed to Aarhus. In Aarhus we went to McDonald's at about one p.m. We all ordered hamburgers, but we didn't know why. We tried to find one particular store and finally we found it. After 6 hours of shopping we went to the bus station. We left for the airport. On the way we ate our lunch. At the airport we bought our evening meal to eat during the flight. Janette was blamed for stealing, but she had a receipt so everything ended well. Then the airplane took off at 20.20 in Danish time. We were in Finland at 23.00 o'clock in Finnish time. We picked up our luggage and then we just went home by taxi. The drive from Helsinki-Vantaa Airport to Rauma took 3 hour. We were tired but happy to see our parents waiting for us.

The best thing on the trip was to make new friends and to learn to speak English. However, the most demanding for us were actual project tasks such as making video or building Legos. In all, the most giving thing was when we noticed that we managed to speak English ourselves.

For the next travelers we want to say that it's going to be hard, but also fun. This trip was an amazing experience.
