LK-KIRJAT

A children's drawing on a light-colored background. At the top, two orange, rounded figures with simple black outlines are holding hands. The figure on the left has a smiling face with two dots for eyes and a curved line for a mouth. The figure on the right is more abstract, with several rounded protrusions on its right side. Below these figures, there are several large, yellowish-green shapes with black outlines, resembling stylized leaves or petals. At the bottom, there are some green shapes and black lines, possibly representing a ground or a fence. The overall style is simple and expressive, typical of a child's drawing.
