Am besten hat mir die Methode: gefallen, weil?/I liked these methods best because...

As far as, I'm concerned it is best methods because students don't only sit behind the desk. It connect learning and fun. We can rival with other students. It's very improve motivation.

Digitale Methoden haben den Vorteil, dass.../Digital methods are advantageous because

Digital methods are advantageous because we don't need carry on backpack. It is better for environment. It's so easy to use.

Digitale Methoden haben den Nachteil, dass.../the disadvantages of digital methods are...

It's not good for our healthy. We use electronic equipment all time. School is a well break. We can be slaves of internet. It's also very expensive.

Wie würdest du eine dieser Methoden deinen Mitschülern beibringen? /How would you get other students to use these methods?

These methods help to learn for ourselves, not only to pass the exam or test. It's a lot of fun when you can check yourself. It's motivation to work more. We need only 20 minutes in a day to make our work easier.

Könntest du dir vorstellen, zusammen mit Mitschülern digitale Materialien (z.B. ein Quizlet) zu erstellen? Welche?/Could you imagine producing digital materials with other students/

I cannot imagine producing digital materials. In my opinion, we have got a lot of digital materials and it's difficult to imagine something new and helpful.

Der finnische Unterricht/Lessons in Finland

Wie unterscheidet sich der finnische Unterricht vom Unterricht in deinem Land?/How are lessons different in Finland compared with in your country?

Lessons in Finland is very similar to lessons in Poland. Finnish students use a digital methods. We work only with book.

Was würdest von dem gesehenen Unterricht an deiner Schule auch gerne haben?/What would you like to take from lessons you have seen here to your own school?

I would to take in my lessons programs like Quizlet or Kahoot.
