

Students - Careers advice in schools - Orientierung an den Schulen- A Report of the teachers - Short exchanges

My Name and a short introduction of myself *

Tino Purtilo, Siiri Karjalainen and Nea Vihertö. We come from Iitin Lukio in Iitti, Finland.

The report of the methods used during the exchanges *

They used the basic methods during the classes. They use books and blackboard's more than in Finland. There is not so much tech used in the classes. They talk more in the classes focusing on the subject.

Something else interesting *

The bathrooms were really interesting because there was music on the bathroom and we don't have that in Finland. All the breaks were really different from Finnish schools because some of the breaks were like 5 minutes and all the breaks in Finland are 15 minutes. The length's of the school day were also interesting because school would start really late and you would be in school till 18 o'clock.

The best things I have seen *

The Christmas market was really cool and that was one of the best things in Frankfurt.
