UNIVERSITY OF JYVÄSKYLÄ

From national core to local curriculum

National core curriculum determines local curricula in detail

•29 perspectives must be included in line with national core curriculum, e.g.

- Values, principles, culture
- General and syllabus objectives
- Implementation policies
- Cooperation agreements
- Student care systems
- Assessment of students
- Evaluation of school
- Information strategy
- Special attention must be given to
 - Pre-primary education
 - Coherence of basic education
- Cooperation must be done with
 - Parents, students and welfare authorities
