

6e, sivu 60

1. Is winning just a matter of playing better than the opponent?
2. You need to control your nerves to become master of your fate, not its servant.
3. For most animal species, life is a daily fight for survival.
4. I crave adventures as much as I crave routines.
5. The laws of physics are not beyond human understanding.
6. I took the matters into my own hands to raise the funds for the tournament.
7. When it comes to predicting the future, we have to leave something to chance.
