

An aerial photograph of a city, likely Bratislava, Slovakia. In the foreground, there is a large, well-maintained green sports field with white markings, possibly a soccer field. To the left, there are some blue structures, possibly part of a stadium or sports complex. The middle ground is filled with dense green trees and several modern buildings. In the background, a large hill with a rocky peak and a small structure on top is visible under a clear blue sky. A dark blue banner with white text is overlaid on the center of the image.

Erasmus KA201 Slovakia

10.8.-15.8.2022

Nitra

- City tour & castle

Nitra – zero-waste workshop

Perta Slezáková, the presenter of the workshop had collected all her waste for three months, into a small glass jar.

It was a powerful way to demonstrate, how little waste it is possible to produce, when nowadays everything is packaged.

We were introduced to zero-waste shops. In shop, products are in large self-serving containers. Packagings are environment friendly.

After the presentation, we made a bag from an old shirt.

Demänovska ice cave

- We explored the ice cave system and learned about the geology and the history of the cave.

Franzon

Unesco sight church

- The church was built during the years 1725- 1726.
- It was declared a heritage site in 2008.
- An interesting fact we learned was that originally, no metal parts were used in the structure of the church.

Bratislava

- In Bratislava, we had an orientation tour.
- We drove next to the river Danube.
- We saw the most important sights of the city
 - Bratislava Castle
 - UFO-building on the bridge
 - Beautiful old buildings of the city

Best memories/what I've learned?

- From the Slovakian students, I have learned more social
- The nature was incredible and it was amazing to see the changes in nature when we went up or down in altitude

Erasmus KA229 Where the Past Meets the Future – You Matter!

- Planning and writing the application: autumn 2018 – spring 2019.
- Project time original: 1.9.2019-30.8.2021.
- Project time extended: 1.9.2019 - 20.8.2022 (covid-19)
- Project partners:
 - Gymnazium Goljanova, Nitra, Slovakia.
 - Rigas Reinholda Smelinga vidusskola, Riika, Latvia.
 - Kuusankosken lukio, Kouvola, Finland.
- Project mobilities:
 - Online Meeting: spring 2021.
 - Project meetings: Kouvola April 2022, Riika May 2022, Nitra August 2022.
 - Site visits, workshops, games and presentations.
- Project results:
 - National Parks exhibition.
 - Online learning diaries.
 - Presentations of the schools, regions and sustainability.
 - Increased understanding between cultures.
