

Explore Stockholm & Sustainable cities

You have to work with this task in your international group for at least 1,5h on Wednesday. Take photos on different things in Stockholm. In all pictures the group has to be represented.

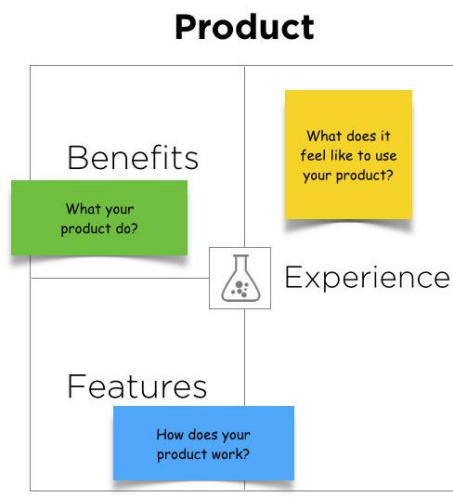

You have to visit five of the following places:

- Olof Palme Memorial Plaque
- The place where the Nobel prize is given (find out where it is)
- Kings castle
- Gamla stan
 - Mårten Trotzigs grand
 - Stortorget
 - Birger Jarls statue

Sustainable cities

- Find three different sustainable transportation.
- Chargers electrical cars – is it easy to find?
- Find examples of Sustainable tourism in Stockholm (youth perspective)
- Garbage collection – what example can you find?

Analyse all your pictures with the model:

How do you as a group see the product – You should consider your group as a consumer

So what does it feel like to use the product, How does the product work, What do your product do.

Your presentation of the photos should be included in the presentation on Friday.
