

My Town

Here in Kuusankoski we have the best kebab place ever.

We also have two competing S-markets that are the same, the only difference is that they are on different sides of the road. There are two K-markets too.

We also have a upper secondary school here, which is right next to an S-market. There is a Lidl too but it is further away from everyone.

There is a Hesburger too, which is a hamburger place.

We have a few parks and playgrounds, and one has a great castle where only real Fortnite players can go. We dance "take the L" in the castle.

Also we have a late-night K-market which is open until 10PM. =)

Kuusankoski has a lot of moped riders, and I mean **a lot**. Some are good riders and then there are some who cannot ride a moped whatsoever.

The local library is right next to our very fantastic movie theater, and both are very good. The library never has many people in it, and neither does the movie theater. Next to the library there is the river Kymijoki.

There is a hotel called Sommelo next to the Kymijoki river.
