

# Vision living 2023

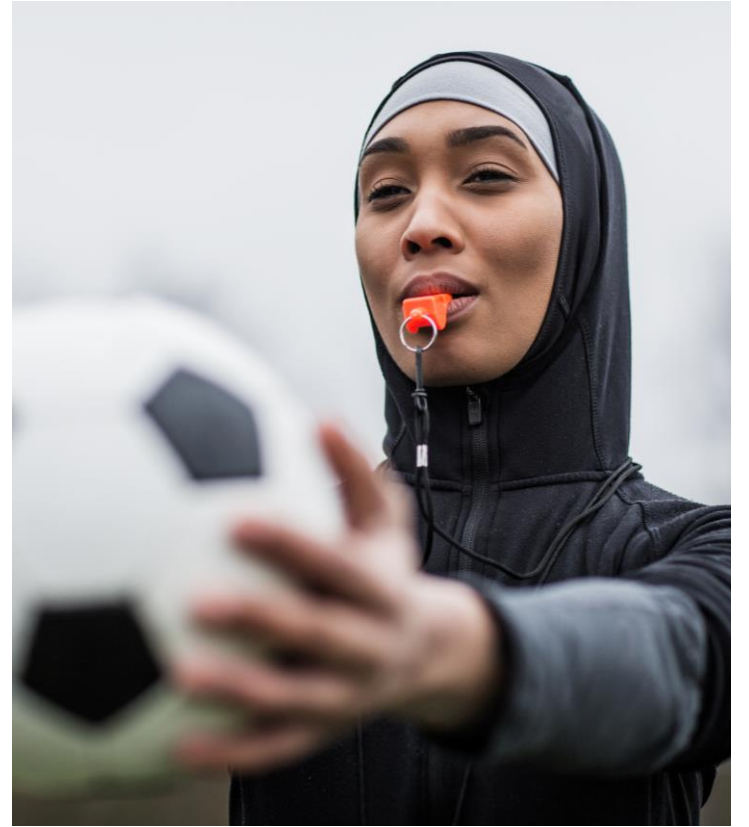

Let's be intentional about living this year.

Vision is a picture of the  
future that produces passion.

# Setting intentions

- **A good way to start is by answering the three big questions:**
- Who do you want to be? Define the kind of person you want to be and how it relates to your chosen vision.
- Where do you want to be in life? You want to also carefully think the place you'd want to be in life.
- What experiences do you want to have?
