What is scout?

- Scout is the largest youth movement
- It is a hobby for people who enjoy being in forests and making things by themselves
- Everybody can be interested in scouts and everybody can take part of how they want
- Most of the people who are interested about scout are youngsters

History

- International scout movement began in the 1907s
- An English man called Robert Baden-Powell organized the camp in England which he tested his improved boys' raising system
- Quickly activities took girls and it spread all over the world
- Scout arrived in Finland very soon
- First scout groups based on our country in the 1910s

Scout activities

- Scout groups come together every week
- For example you can:
 - camping in nature and forest
 - spend nights at tent and cottage
 - do many kinds of activities with your friends
 - share responsibilities and decide common business
