International Day for the Elimination of
Violence Against Women
25 November

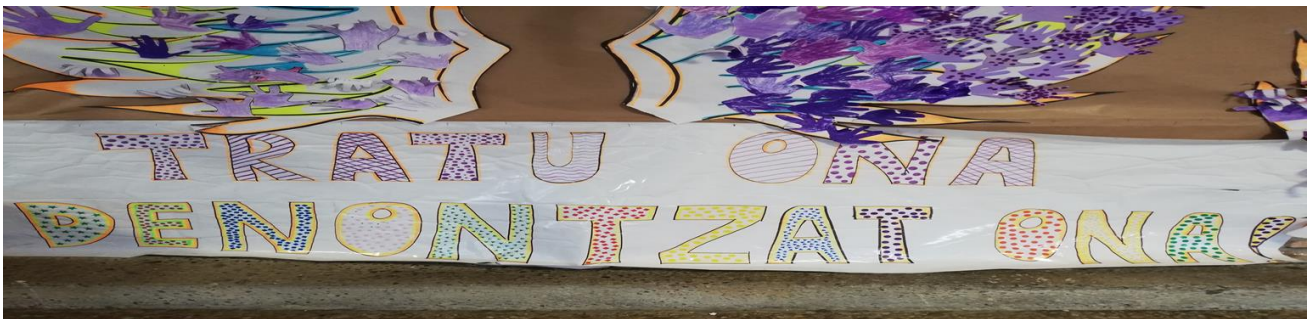

GEAR - Global and Environmental Awareness and Responsibility

On 25 November we commemorated the International day for the elimination of violence against women. This day aims to create awareness of the fact that women around the world are subject to different forms of violence.

Older students thought of a positive slogan (translated would be something like):

"GOOD TREATMENT IS GOOD FOR EVERYONE"

Younger students drew the silhouettes of their hands, coloured them in purple and pasted them on the silhouette of some wings.
