

Credit courses

Student guide

for participation in a competence-based courses

At the adult education centre, you can develop your skills through credit courses. These are marked with the credit course logo. The course title shows the number of credits, e.g. (1 credit). *

Courses are described and assessed on based on competences. Criteria have been defined for the assessment of each course. The student receives a pass/fail grade for the course.

Explore our available credit courses and register for the course of your choice at <https://uusi.opistopalvelut.fi/mantsalanopisto/fi/>

Read the credit course information form and fill in the electronic consent form to transfer your credits to the national My StudyInfo service. Both forms are available at Peda.net. <https://peda.net/mantsalan-kansalaisopisto>

When you complete a course, the record is transferred to My Studyinfo within 2–6 weeks. You can then share it, for example with your employer or school.

The teacher monitors your progress during the course and at its conclusion assesses it as pass or fail.

If you want to take the course as a credit course, inform the teacher at the beginning of the course.

Give your consent within two (2) weeks of the start of the course. If you want to earn credits for more than one course, please sign the consent form for each course separately. **

A fail will not be transferred to the My StudyInfo service. You have the right to ask the principal to review the assessment within two (2) months of being informed.

* You can also participate in a credit course without earning credits.
** As a student, you have the right to withdraw your consent at any stage of your studies by contacting the adult education centre's office.

Please also inform the teacher of the withdrawal of your consent.
