ORIVEDEN
LUKIO

There are about 150 students in the upper secondary school of Orivesi. Oriveden lukio is the only upper secondary school in Orivesi. We offer general upper secondary studies for our students.

In addition to local young people, students from all over Finland come to study in our school because Oriveden lukio has special study programmes to offer for students interested in writing and for those interested in sports.

Oriveden lukio is small enough for students and teachers to know each other well, but big enough to offer a varied and wide range of courses.

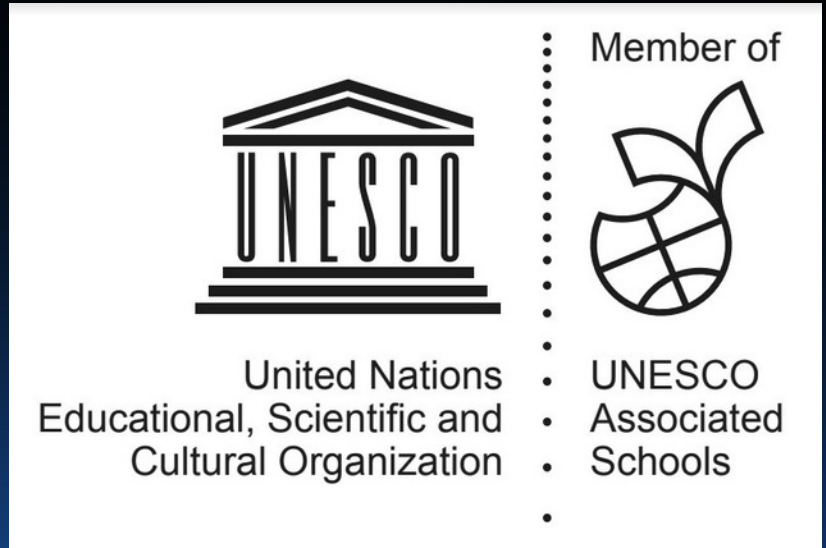

Oriveden lukio is an active member of European and global school networks. Our aim is to support the growth of our students into active and responsible global citizens. Oriveden lukio has long traditions in international collaboration.

Our school organizes yearly reciprocal study visits to partner schools in France and Germany. In addition we have several Erasmus+ projects going on.

Erasmus+

Oriveden lukio is a member of the international Unesco associated schools network working in support of international understanding, peace, intercultural dialogue, sustainable development and quality education in practice.
