**AREAS OF KNOWLEDGE**  
**The Human Sciences**  
**(Economics, Psychology, Global Politics)**

*TASK 1*

Fill in the table below with one knowledge claim for the area of knowledge and answer the questions related to this knowledge claim in the table below

Choose a spokesperson to report back to the whole class about your responses

Knowledge claim for	
Something you know in this subject	
How do you know it?	
How certain are you (in %)	
Is testable for verification?	
Is there a way to increase certainty?	

**AREAS OF KNOWLEDGE****The Human Sciences****(e.g. Economics, Psychology, Global Politics)***TASK 2*

Discuss what methods and tools are used for the production of knowledge in this area of knowledge. Fill in the table below.

Choose a spokesperson to report back to the whole class about your responses.

Methods and tools for producing and communicating knowledge in this AOK	
How is knowledge produced and communicated in this area of knowledge?	
How important are <i>material tools</i> in the production and acquisition of knowledge in this area of knowledge?	

## AREAS OF KNOWLEDGE

### The Natural Sciences (e.g. Biology, Chemistry, Physics)

#### *TASK 1*

Fill in the table below with one knowledge claim for the area of knowledge and answer the questions related to this knowledge claim in the table below

Choose a spokesperson to report back to the whole class about your responses

Knowledge claim for	
Something you know in this subject	
How do you know it?	
How certain are you (in %)	
Is testable for verification?	
Is there a way to increase certainty?	

## AREAS OF KNOWLEDGE

### The Natural Sciences (e.g. Biology, Chemistry, Physics)

#### TASK 2

Discuss what methods and tools are used for the production of knowledge in this area of knowledge. Fill in the table below.

Choose a spokesperson to report back to the whole class about your responses.

Methods and tools for producing and communicating knowledge in this AOK	
How is knowledge produced and communicated in this area of knowledge?	
How important are <i>material tools</i> in the production and acquisition of knowledge in this area of knowledge?	

**AREAS OF KNOWLEDGE****The Arts (e.g. Literature, Music, Visual Arts)*****TASK 1***

Fill in the table below with one knowledge claim for the area of knowledge and answer the questions related to this knowledge claim in the table below

Choose a spokesperson to report back to the whole class about your responses

<b>Knowledge claim for</b>	
<b>Something you know in this subject</b>	
<b>How do you know it?</b>	
<b>How certain are you (in %)</b>	
<b>Is testable for verification?</b>	
<b>Is there a way to increase certainty?</b>	

## AREAS OF KNOWLEDGE

### The Arts (e.g. Literature, Music, Visual Arts)

#### TASK 2

Discuss what methods and tools are used for the production of knowledge in this area of knowledge. Fill in the table below.

Choose a spokesperson to report back to the whole class about your responses.

Methods and tools for producing and communicating knowledge in this AOK	
How is knowledge produced and communicated in this area of knowledge?	
How important are <i>material tools</i> in the production and acquisition of knowledge in this area of knowledge?	

**AREAS OF KNOWLEDGE****Mathematics*****TASK 1***

Fill in the table below with one knowledge claim for the area of knowledge and answer the questions related to this knowledge claim in the table below

Choose a spokesperson to report back to the whole class about your responses

<b>Knowledge claim for</b>	
<b>Something you know in this subject</b>	
<b>How do you know it?</b>	
<b>How certain are you (in %)</b>	
<b>Is testable for verification?</b>	
<b>Is there a way to increase certainty?</b>	

**AREAS OF KNOWLEDGE****Mathematics***TASK 2*

Discuss what methods and tools are used for the production of knowledge in this area of knowledge. Fill in the table below.

Choose a spokesperson to report back to the whole class about your responses.

Methods and tools for producing and communicating knowledge in this AOK	
How is knowledge produced and communicated in this area of knowledge?	
How important are <i>material tools</i> in the production and acquisition of knowledge in this area of knowledge?
