MEMORIAL AND MUSEUM

AUSCHWITZ-BIRKENAU

FORMER GERMAN NAZI
CONCENTRATION AND EXTERMINATION CAMP

Museum

The post-camp relics are protected by the Museum created in 1947. The Memorial today is i.a. the Archive and Collections as well as research, conservation and publishing center.

History

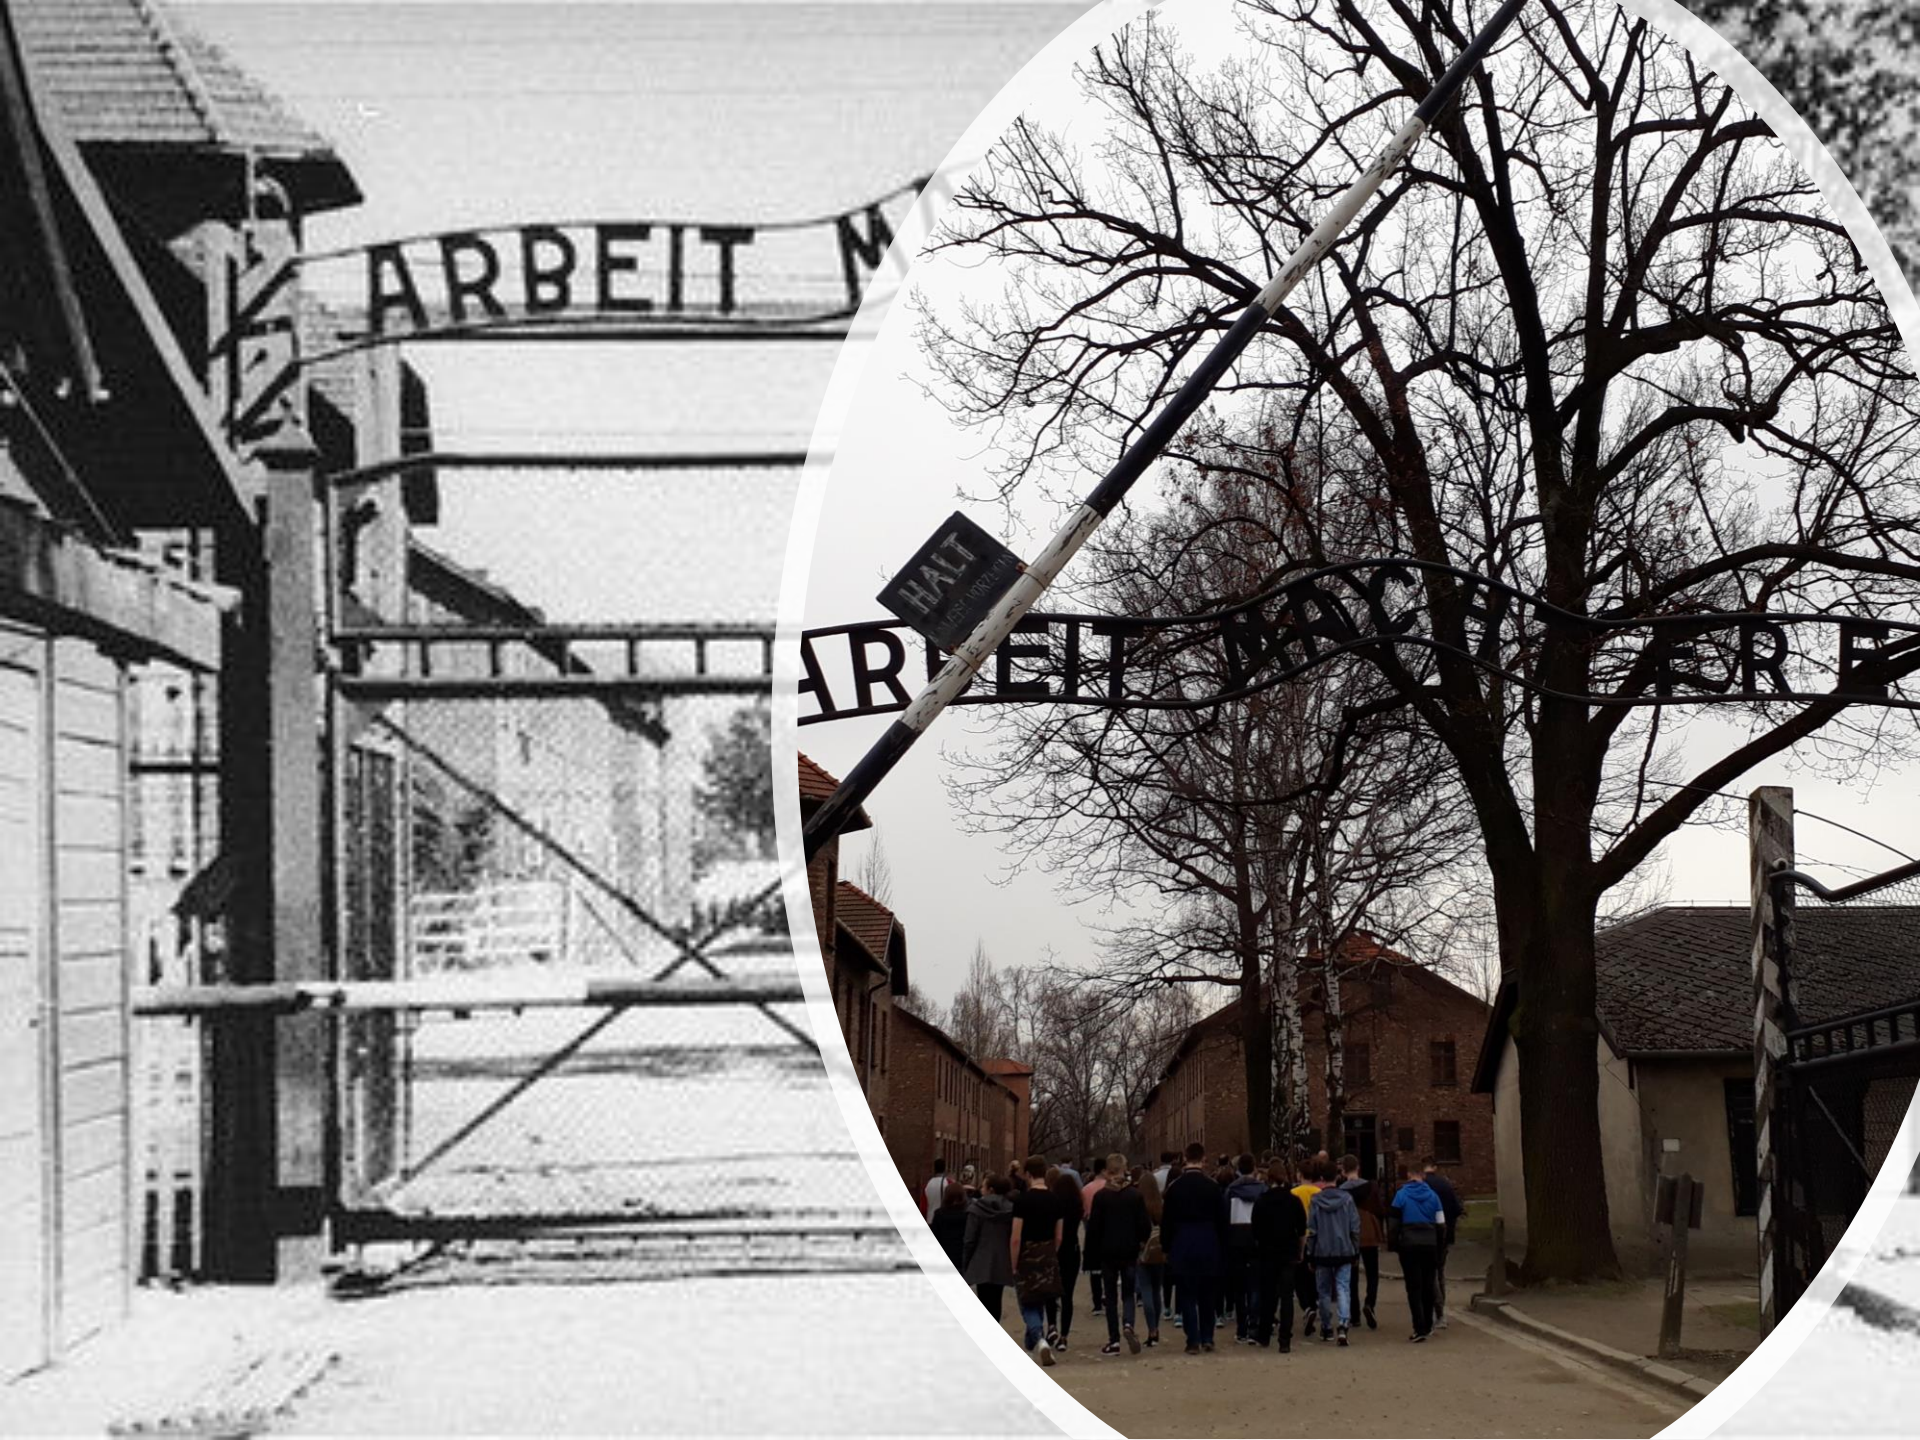

KL Auschwitz was the largest of the German Nazi concentration camps and extermination centers. Over 1.1 million men, women and children lost their lives here.

Visiting

The authentic Memorial consists of two parts of the former camp: Auschwitz and Birkenau. A visit with an educator allows better understanding of this unique place.

Education

There is no way to understand postwar Europe and the world without an in-depth confrontation between our idea of mankind and the remains of Auschwitz.
