

MY TRIP TO LONDON

When I arrive, I will go and see London eye. Then I could go see the British museum, because I love history and old things. And that day would be OK. The next morning I will first go eat some breakfast in E Pellici. I have heard that there is an awesome brunch there. After a good breakfast, I could go shopping a little bit in Harrold's. It's a BIIIG shopping center. That's how the day would go. Then I will check out of the hotel. But the night before my flight back to Finland I wil go see some attractions close to the airport.
