Strangers can turn to lovers:
who knows, tonight may bring
romance as yet unknown
and teach my heart
new songs to sing you.

Strangers can turn to lovers:
one kiss can conquer all.
Pray to be born again
the moment when
at long last love comes to call.
Suddenly this sad old world can change;
suddenly your life is rearranged.

Strangers can turn to lovers:
bridges are there to burn.
Why heed the danger sings?
Beyond this point there's no return,
no return!
