

Oli neljä

4

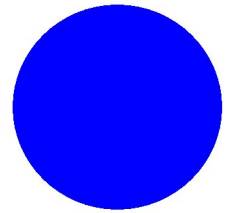

kultakalaa.

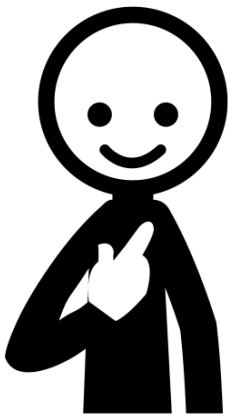

Yksi niistä

1

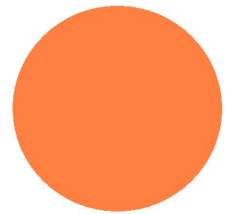

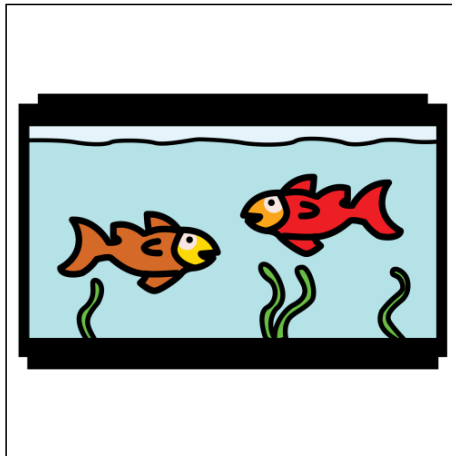

karkas salaa.

Ja mun

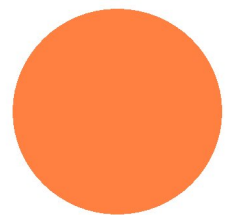

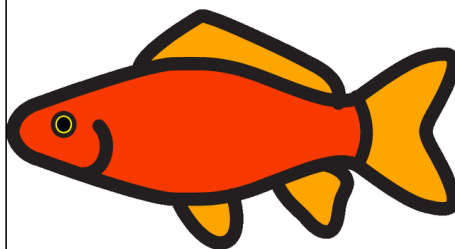

akvaariossain

on nyt kolme

3

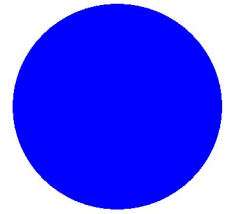

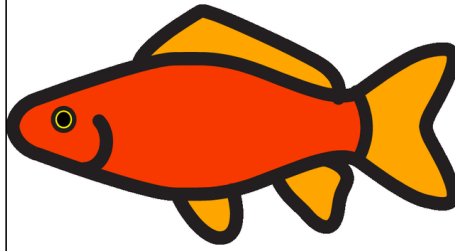

kalaa vain.

Oli kolme

3

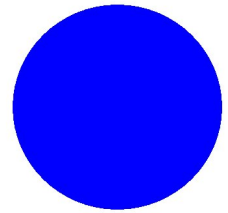

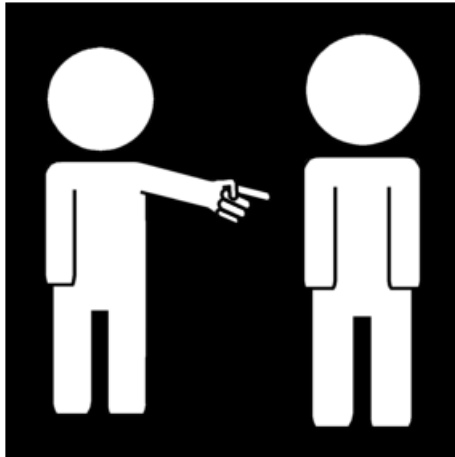

kalaa mulla.

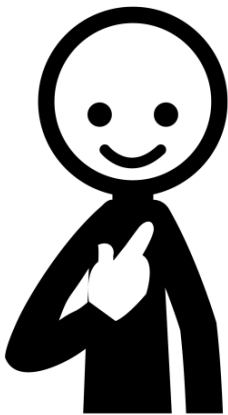

Yksi tahtoi

1

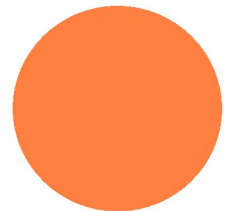

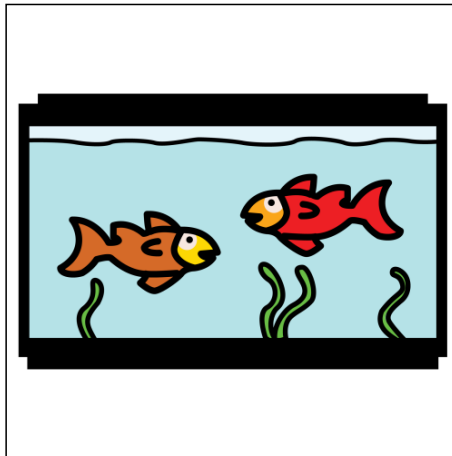

luokses tulla.

Ja mun

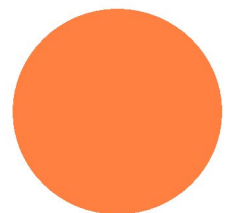

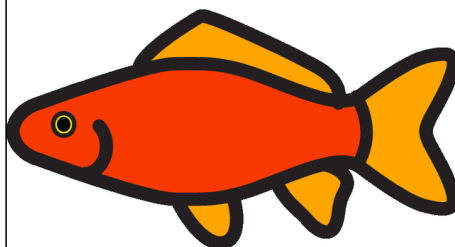

akvaariossain

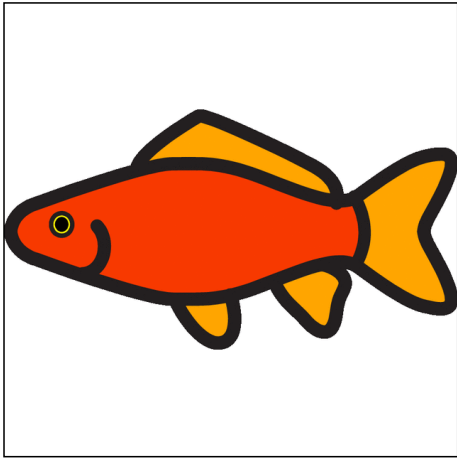

On nyt kaksi

2

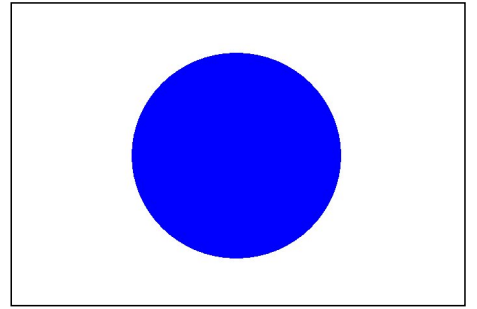

kalaa vain.

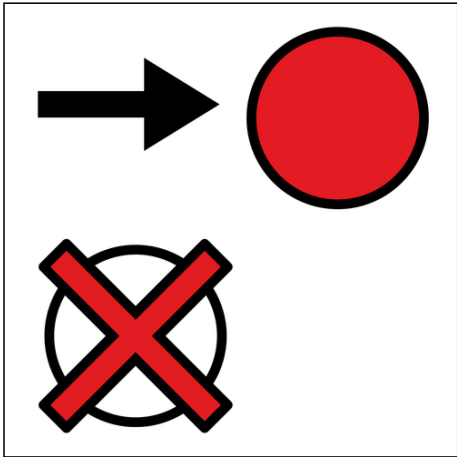

Oli kultakalaa

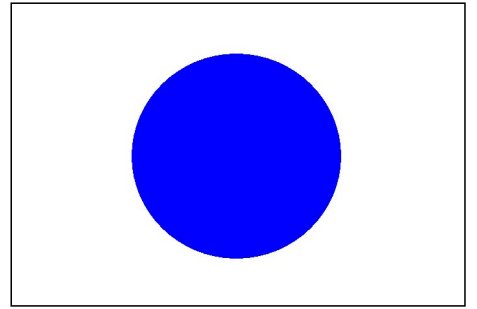

kaksi.

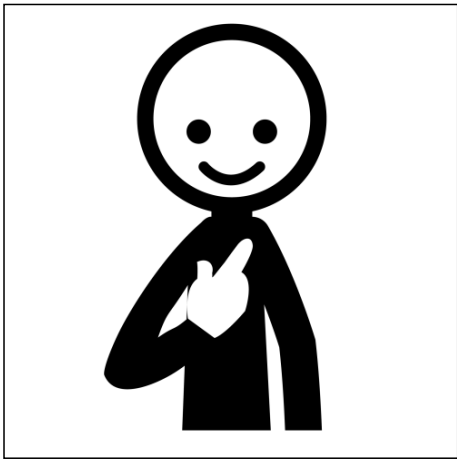

Toinen ryhtyi

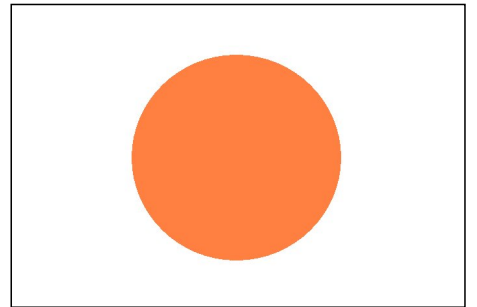

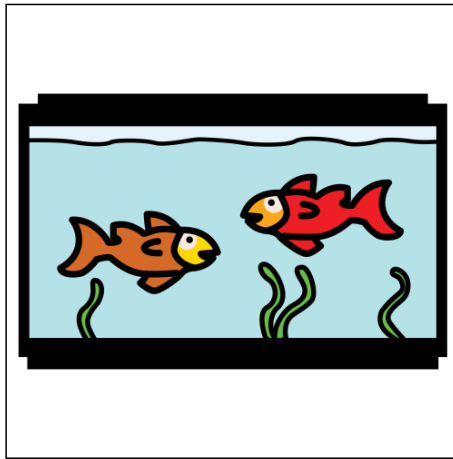

laulajaksi.

Ja mun

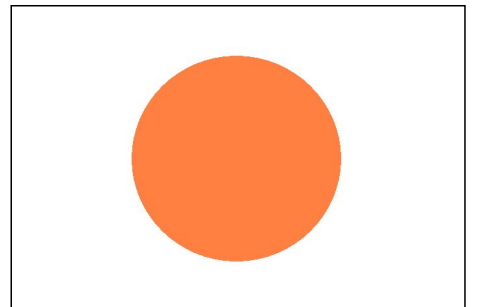

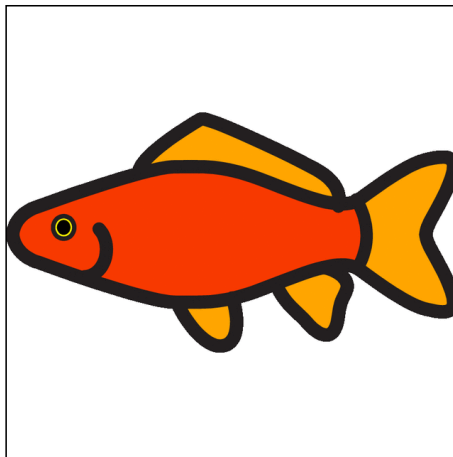

akvaariossain

On nyt yksi

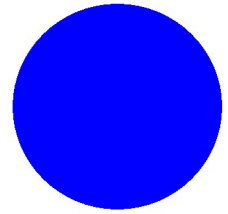

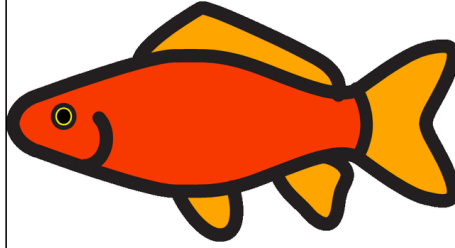

kala vain.

Mutta kanssa

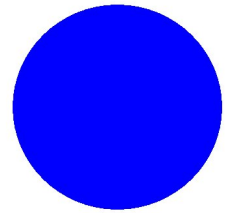

kultakalan.

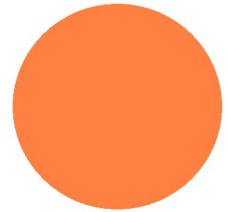

Laulun

uudelleen mä alan.

Onko sitten, arvatkaas,

mulla neljä

4

kalaa taas?
