My positive remarks and comments about the course:

Vastaajien määrä: 12

Vastaukset
This course was so interesting. At school we didn't learn anything about old music, and at music school we didn't learn it either. So I loved to get to know more about it, because I believe it contributes to a broader on the world of music.
It was interesting but difficult
These were some really interesting lessons and I enjoyed them.
It was fun
It sure was fun!
I think that the material given by the teachers is easy to understand and, With all the explanations, i think that it is affordable to learn this new musical language.
I think it's a great opportunity to increase my knowledge about notation and also a good chance to meet students of my age and how music schools in other countries work.
It was very interesting because my teachers give us all the information to understand how they sing in the past and how to sing as they.
I liked how the teacher kept his patience even though I was most of the time the reason we had to repeat a section or he had to help me personally. This became better over time and I am very grateful.
Very interesting and know I learn so much about this old music and how to sing it and with so many voices is beautiful
It has been very fun to study new things about old music. Especially singing has been very fun.
I learned a lot of new things, and it was very nice to play with other students.

What could have been done differently on the course?

Vastaukset

More lessons

More lesons

/

Maybe practice more with sheet music that have this notation and put more examples interactively

I know it's pretty early, but I would like to take part into another meeting online, so I can know better the other students and do more interactive activities

Nothing, it was really good

I don't think there is a lot that could have been changed.

Lessons would have been in different day

I would like more lessons in this course.

I felt like everything was good.

What else I would like to say:

Vastaukset

It was new for me but very interesting

I cent wait to go on the trim and learn

It really wasn't an easy course, but I learned a lot! It was nice to see everyone online, although it would have been amazing to meet in Belgium.

We are waiting very excited for the trip and the experience, we will give everything to sing!

Im looking forward to starting with the project and I wish we'll be able to travel without any covid issues!

/

Teach these things to other people as well
