

Can we please go on a field trip?

Dear Mrs Smith

We would like to ask you if we could go on a field trip one day. For example after today's class would be good time to go. Here are some suggestions:

-Our local graveyard would be nice place to be one with death and eat some snacks. It would be good for our health to walk around and pay respect. It can be also entertaining if some of us got possessed. We could play ghostbusters all day.

- Recycling center: It would be calming experience to see how our trashes are being sorted out. We could also improve our emotional intelligence when we relate to trashes. Trash is very beautiful form of art.

-Basement: Our school has a suspicious basement which needs cleaning right now! We could clean it or make it worse. Maybe we can find local burglars and invite them to our "cleaning" party.

These suggestions are cheap and don't need lots of phonecalls or preparations.

Best wishes!

-Your lovely students
